Developing methods where a method does not exist.

Submission Check List

1. Fill out our Chain of Custody Record Form.
2. Take a representative sample of a cross-section of the whole tank, or for problem samples, the specific problem area. (*Size of sample dependant on analysis parameters needed – please inquire.*)
3. If sending UPS or FedEx, click the notification box so we can track the sample coming in and inform you if there are any delays. And, with the weather Syracuse has, there are delays!
4. Optional: Keep a small retain in case additional work is needed or there are any discrepancies.
5. Send samples to:
